

Trailing teams shall re-certify every two years by successfully completing a re-certification test according to the re-certification policy.

The test shall be conducted by two SWSD evaluators (both may be trailing associate evaluators) and may take place at a training. The test shall be the same as the initial trailing field qualification test except that the trail may be as short as ¾ mile in length.

Evaluators shall check or verify the following items:

- Physical fitness requirement is current
- CPR & First Aid certifications are current
- Log book is current
