

Each requirement must be signed off by a SWSD primary evaluator. Dogs shall be field qualified in area search or trailing prior to getting any scent matching sign-offs.

1. Log book

The team must present their logbook showing at least six months of current training in scent matching.

2. Scent Matching Exercises

The team must participate in at least two scent matching training sessions where the correct item is unknown to the handler, and successfully choose the correct item from at least three items.
